Dresden at night

We show you the historic center's most important sights in the gloaming. Nothing is that charming like the baroque structures in the evening. Be a witness of the sandstone statues at the buildings which seem to become alive and inspire your fantasy. You will grasp the principal purpose of the important Zwinger only in the evening hours. Resort to the world of the baroque phantasm and be animated by the obscure shadows' various shapes!

Duration: ca. 90 min

Price: 100 € for 1 – 10 participants
6 € every further participant
